Web Comments	"That telltale Glen Scotia salty, malted chocolate-covered pretzel flavor is even more enhanced in this outing. Candied ginger, lemon & grapefruit peel, and ripe stone fruits add texture. A cedar-wood spice note with a puff of smoke dries the sweetness out a bit toward the finish.	Palette: More sherried with caramel and berries. Vanilla, apple and chili pepper. Definitely a bit smoky. Water takes off the peppery edge and brings the bourbon notes back on top, but add too much and it turns a bit soapy.
