(a) To accept, own, operate, and maintain all Common Area and Facilities together with all Improvements of any kind and for any purpose that may be located in those areas, and to accept, own, operate, and maintain all other property, real or personal and to maintain in good repair and condition all lands, improvements, and other Association property owned by or leased to the Association. Such maintenance will include, but will not be limited to, painting, mowing, and removing rubbish or debris of any kind.

(b) To pay all real-property taxes, personal-property taxes, and other taxes and Assessments levied on or with respect to Common Area and Facilities or any other property owned by or leased to the Association to the extent that the taxes and Assessments are not levied directly on the Members of the Association. The Association will have all rights granted by law to contest the legality of the amount of the taxes and Assessments.

(c) To take out and maintain current a policy of liability-insurance coverage to cover accidental bodily injury or death caused by the use and enjoyment of the Common Area and Facilities. This insurance will be in an amount as the Board deems appropriate.

ARTICLE 7 ARCHITECTURAL CONTROL COMMITTEE (ACC)

7.01. Membership of Architectural Control Committee. The Architectural Control Committee (ACC) will consist of not more than six (6) regular Members and six (6) adjunct members. The ACC Chairman will be recommended by the Board and approved by the POA membership at a duly called meeting. The other five regular members will be selected by the ACC Chairman and approved by the Board. The adjunct members will be selected randomly each year, two (2) from each of the three subdivisions from a pool of eligible members. Eligibility will be determined by the Board. Adjunct members will have the same voting rights as a regular member, but will not be required to vote. At least four (4) regular members must vote on any Committee decision. The POA President may also vote as a regular member if needed to obtain a quorum or break a tie vote.

7.02. Action by Architectural Control Committee. Items presented to the Architectural Control Committee will be decided by a majority vote of the Voting Members.

7.03. Advisory Members. The Voting Members may from time to time designate Advisory Members.

7.04. Term. Each Regular Voting Member of the Architectural Control Committee will hold office until such time as he has resigned or has been removed or his successor has been appointed, as provided in this Declaration. If any Voting Member dies or resigns, the remaining Voting Member or Voting Members will have full authority to act until a replacement Voting Member or Voting Members have been designated.

7.05. Adoption of Rules. The Architectural Control Committee may adopt any procedural and substantive rules, not in conflict with this Declaration, that it deems necessary or proper for the performance of its duties, including but not limited to a building code, a fire code, a housing code, and other similar codes as it may deem necessary and desirable.

7.06. Review of Proposed Construction. Whenever in this Declaration the approval of the Architectural Control Committee is required, it will have the right to consider all of the Plans and Specifications for the Improvement or proposal in question and all other facts that, in its sole discretion, are relevant. Except as otherwise specifically provided in this Declaration, before the commencement of any construction of any Improvement on the Property or any portion of it, the Plans and Specifications must be submitted to the Architectural Control Committee, and construction may not commence unless and until the Architectural Control Committee has approved the Plans and Specifications in writing. The Architectural Control Committee will consider and act on any and all Plans and Specifications submitted for its approval under this Declaration and perform the other duties assigned to it by this Declaration or as from time to time assigned to it by the Board. The Architectural Control Committee may also inspect any construction in progress to ensure its conformance with Plans and Specifications approved by the Architectural Control Committee. The Architectural Control Committee may review Plans and Specifications submitted for its review and any other information it deems proper. Until the Architectural Control Committee receives any information or documents it deems necessary, it may postpone review of any Plans and Specifications submitted for approval. No Improvement will be allowed on any Lot that is of such size or architectural design or involves the use of such landscaping, color schemes, exterior finishes, and materials and similar features as to be incompatible with the architectural styling defined in paragraph 4.05. The Architectural Control Committee will have the authority to disapprove any proposed Improvement based on the restrictions set forth in the preceding sentence and the decision of the Architectural Control Committee will be final and binding if it is made in good faith. The Architectural Control Committee will not be responsible for reviewing any proposed Improvement, nor will its approval of any Plans or Specifications or inspection of any construction in progress be deemed approval from the standpoint of structural safety, engineering soundness, or conformance with building or other codes.

7.07. Variance. Upon recommendation by the Architectural Control Committee, the Board may grant a request for variance from compliance with any of the provisions of this Declaration. Such recommendation for variance shall be made

when a majority of the members of the Architectural Control Committee find that: 1) the variance will not impair or detract from the high-quality development of the Property or 2) the variance is justified due to unusual or aesthetic considerations or unusual circumstances. Notwithstanding anything to the contrary in this Declaration, the Architectural Control Committee is authorized to recommend and the Board is authorized to grant a waiver of any requirements relating to garages (including size), carports, dwelling size, Masonry requirements, fences, and setbacks, and the decision will be binding on all Owners of Property encumbered by this Declaration.

All recommendations for variance must be evidenced by a written instrument in recordable form with the date of submission to the Board indicated therein and must be signed by at least four (4) of the regular Voting Members of the Architectural Control Committee. The request for variance will be effective on the date granted by the Board; provided however, that in the absence of a written denial of the request by the Board, a recommendation for variance will be deemed to be granted on the 30th day after its submission to the Board. The granting of a variance will not operate to waive or amend any of the terms or provisions of the covenants and restrictions applicable to the Lots for any purpose except as to the particular property and the particular instance covered by the variance, and a variance will not be considered to establish a precedent or future waiver, modification, or amendment of the terms and provisions of this Declaration.

7.08. Actions of the Architectural Control Committee. The majority of all of the regular members of the Architectural Control Committee, plus those adjunct members who choose to vote, will constitute an act of the Architectural Control Committee. Despite anything to the contrary, if the Architectural Control Committee fails to respond to a request for approval of Plans and Specifications within 20 days of receiving all required information, the Architectural Control Committee will be deemed to have approved the Plans and Specifications.

7.09. No Waiver of Future Approvals. No precedent of any prior architectural decision shall be valid evidence as to effecting any other decision.

7.10. Work in Progress. The Architectural Control Committee, at its option, may inspect all work in progress to ensure compliance with approved Plans and Specifications.

7.11. Address. Plans and Specifications will be submitted to the Architectural Control Committee, the current Chairman or to myacc@lakecypresssprings.org.

ARTICLE 8 FUNDS AND ASSESSMENTS

8.01. Assessments.

(a) The Association may from time to time levy Assessments and/or Special Assessments against each Lot. The level of Assessments will be equal and uniform between all Lots (except for the voluntary annual assessment cap defined in section

8.03). Neither the Developer nor Declarant will be charged an assessment for unsold lots.

(b) When the obligation to pay an Assessment first arises after the commencement of the year or other period for which the Assessment was levied, the Assessment will be prorated as of the date when the obligation first arose in proportion to the amount of the Assessment year or other period remaining after that date.

(c) Each unpaid Assessment, together with the interest on it and the costs of collection, will be the personal obligation of the Owner of the Lot against which the Assessment fell due, and will become a vendor's lien against the Lot and all Improvements on it. The Association may enforce payment of Assessments in accordance with the provisions of this Article.

8.02. Maintenance and Reserve Funds. The Board will establish, as it deems necessary, a maintenance fund and a contingency reserve fund; all moneys paid to the Association will be deposited into these accounts, and disbursements will be made from them in performing the functions of the Association under this Declaration. The funds of the Association deposited into the maintenance and reserve funds must be used solely for purposes authorized by this Declaration, as it may from time to time be amended.

8.03. Regular Annual Assessments. Before the beginning of each fiscal year, the Board will estimate the expenses to be incurred by the Association during the year in performing its functions under the Restrictions, which will be limited to the costs incurred in exercising the powers granted to the Association in Section 6.04, the cost of enforcing the Restrictions, and a reasonable provision for contingencies and appropriate replacement reserves, less any expected income and any surplus from the prior year's fund. Assessments sufficient to pay the estimated net expenses will then be determined by the Board of Directors. The Board of Directors shall have the right to increase annual assessments from one year to the next by an amount not to exceed 5% of the previous year's level in order to meet budgetary requirements. All other changes to annual assessments, and all other assessments, shall only be made with the approval of a majority of the Members. The members may then vote to approve the Board's recommendation, change the amount, or leave the amount unchanged. The level of Assessments set by the members will be final and binding. All regular Assessments will be due and payable to the Association at the beginning of the calendar year and will be delinquent after March 31. In no event will the maximum regular annual Assessments per Lot be increased by more than five percent (5%) per year, unless approved by at least two-thirds (2/3) of the Members who are voting in person or by proxy at a meeting duly called for that purpose, with the same quorum as required for Special Assessments. Any POA member 75 years or older meeting the conditions listed below may request that their yearly assessment be capped at the rate in effect at that time. The following conditions shall apply:

- 1) The cap applies only if the El Dorado property is the owner's permanent residence.
- 2) The cap is only for the yearly assessment, not for special assessments.
- 3) Only one of the resident owners need be 75 or older.
- 4) The owner must make the request - it is not automatic.

8.04. Special Assessments. In addition to the regular annual Assessments provided for above, the Board may levy special Assessments to enable the Board to carry out the mandatory functions of the Association under the Restrictions on the approval of at least two-thirds (2/3) of the Members at a meeting called for that purpose, by adequate notice, with at least fifty percent (50%) of the Members or their proxies present at the meeting. If fifty percent (50%) of the Members do not attend, a second meeting may be called with the same notice and the quorum needed for the second meeting will be thirty percent (30%) of the Members or their proxies.

8.05. Owner's Personal Obligation for Payment of Assessments. The regular and special Assessments provided for in this Declaration will be the personal and individual debt of the Owner of the Lot covered by the Assessments. No Owner may exempt itself from liability for the Assessments. For any default in the payment of any Assessment, the Owner of the Lot will be obligated to pay an annual interest rate of ten percent (10%) on the amount of the Assessment from the Assessment's due date, together with all costs and expenses of collection, including reasonable attorney fees.

8.06. Assessment Lien and Foreclosure. All amounts assessed in the manner provided in this Article but unpaid will, together with interest as provided in Section 8.05 and the cost of collection, including attorney fees as provided in this Declaration, become a continuing lien and charge on the Lot covered by the Assessment that will bind the Lot in the hands of the Owner and the Owner's heirs, devisees, personal representatives, successors, or assigns. This lien will be superior to all other liens and charges against the Lot, except for tax liens and all amounts unpaid on a Mortgage lien of record of first or second priority granted to an institutional lender, securing in either instance amounts borrowed for the purchase or improvement of the Lot in question. The Association will have the power to subordinate the Assessment lien to any other lien. This power will be entirely discretionary with the Board and the subordination must be signed by a duly authorized officer of the Association. To evidence the Assessment lien, the Association may prepare a written notice of Assessment lien setting forth the amount of the unpaid indebtedness, the name of the Owner of the Lot covered by the lien and a description of the Lot. This notice will be signed by one of the officers of the Association and will be recorded in the office of the County Clerk of Franklin County, Texas. The lien for payment of Assessments will attach with the priority above set forth from the date that the payment becomes delinquent and, subject to the applicable provisions of the Texas Property Code, may be enforced by foreclosure

on the defaulting Owner's Lot by the Association in like manner as a mortgage on real property after the recording of a notice of Assessment lien as provided above, or the Association may institute suit against the Owner personally obligated to pay the Assessment or for judicial foreclosure of the lien. In any foreclosure proceeding, whether judicial or not judicial, the Owner will be required to pay the costs, expenses, and reasonable attorney fees incurred. The Association will have the power to bid on the property at a foreclosure or other legal sale and to acquire, hold, lease, mortgage, convey, or otherwise deal with it. On the written request of any Mortgagee, the Association will report to the Mortgagee any unpaid Assessments remaining unpaid for longer than thirty (30) days after they are due.

ARTICLE 9 EASEMENTS

9.01. Reserved Easements. All dedications, limitations, restrictions, and reservations shown on the Plat and all grants and dedications of easements, rights-of-way, restrictions, and related rights made before the Property became subject to this Declaration are incorporated by reference and made a part of this Declaration for all purposes as if fully set forth in this Declaration and will be construed as being adopted in each and every contract, deed, or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Property. Declarant reserves the right to make changes in and additions to the easements for the purpose of most efficiently and economically developing the Property. Further, Declarant reserves the right, without the necessity of the joinder of any Owner or other Person, to grant, dedicate, reserve, or otherwise create, at any time or from time to time, easements for public-utility purposes (including without limitation gas, water, electricity, telephone, and drainage) in favor of any Person along any front, rear, or side boundary line of any Lot, which easements will have a maximum width of ten (10) feet (however, easements alongside yard lot lines will straddle the lot lines with five (5) feet on each of the adjoining Owner's Lots).

9.02. Installation and Maintenance. There is by this Declaration created, for the benefit of the City and other governmental entities and public utilities with jurisdiction over or providing utility services to the Subdivision, an easement on, across, over, and under all of the Property for ingress and egress in connection with installing, replacing, repairing, and maintaining all utilities (including but not limited to water, wastewater, gas, telephones, electricity lines, and related appurtenances) and for conducting authorized official governmental business. By virtue of this easement, it will be expressly permissible for the utility companies and other entities supplying utility service to install and maintain pipes, wires, conduits, service line, or other utility facilities or appurtenances on, above, across, and under the Property, within the public-utility easements from time to time existing and from service lines situated within the easements to the point of service on or in any Improvement. Despite any provision contained in this Section, no electrical lines, water lines, or other utilities or appurtenances may be relocated on the Property until approved by Declarant or the Architectural Control Committee. The utility companies furnishing services to the Subdivision and governmental entities conducting authorized official governmental

business within the Property will have the right to remove all trees and other obstructions situated within the utility easements shown on the Plat that are obstructing or otherwise precluding accomplishment of the authorized official governmental business, and to trim overhanging trees and shrubs located on portions of the Property abutting the easements. If the City is required to remove any trees or other obstructions in order to accomplish any authorized governmental business within the Property, then the City may assess the reasonable costs and expenses required for the removal to the Association, and the Association will be reimbursed, on written demand, for all costs and expenses from the Owner of the Lot(s) on which the obstructions were located. Any reimbursement required to be paid by any Owner under this Declaration will be deemed a regular Assessment of the Owner and will be paid in accordance with, and secured by the lien described in, Article 8.

9.03. Drainage Easements. Each Owner covenants to provide easements for drainage and water flow, as contours of land and the arrangement of Improvements approved by the Architectural Control Committee require. Each Owner further covenants not to disturb or displace any trees or other vegetation within the drainage easements as defined in this Declaration and shown on the Plat. There will be no construction of Improvements, temporary or permanent, in any drainage easement, except as approved in writing by the Architectural Control Committee.

9.04. Surface Areas. The surface of easement areas for underground utility services may be used for planting of shrubbery, trees, lawns, or flowers. However, neither the Declarant nor any supplier of any utility service using any easement area will be liable to any Owner or to the Association for any damage done by them or either of them, or their respective agents, employees, servants, or assigns, to any of this vegetation as a result of any activity relating to the construction, maintenance, operation, or repair of any facility in any of these easement areas.

9.05. Common Area and Facilities. Each Owner will have a nonexclusive easement for use and enjoyment in and to all Common Area and Facilities, which will be appurtenant to and will pass with title to each Owner's Lot, subject to the following rights:

(a) The right of the Association to suspend the Owner's right to use the Common Area and Facilities for any period during which an Assessment against the Owner's Lot remains unpaid, and for any period during which the Owner is in violation of the rules and regulations of the Association.

(b) The right of Declarant or the Association, as applicable, to dedicate or transfer all or any part of the Common Area and Facilities to any public agency, authority, or utility for any purposes and subject to any conditions as may be deemed reasonable by Declarant, in its sole discretion, or, in the case of the Association, approved by a two-thirds (2/3) vote of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose, with the same quorum as required for Special Assessments.

(c) The right of the Association to borrow money for the purpose of improving the Common Area and Facilities and, in furtherance of this purpose, to mortgage the Common Area and Facilities, all in accordance with the Certificate of Formation and By-laws.

(d) The right of the Declarant to promulgate reasonable rules and regulations regarding use of the Common Area and Facilities.

(e) The right of Declarant to contract for services with third parties on any terms as Declarant may determine.

9.06. Self-Help Easement. Each Owner grants to the Association an easement on, over, and across its Lot for purposes of curing any violation of the restrictions, covenants, and obligations set forth in this Declaration, including, but not limited to, a violation of its obligation to maintain its septic system.

ARTICLE 10 MISCELLANEOUS

10.01. Term. This Declaration, including all of its covenants, conditions, and restrictions, will be effective as of the date set forth on the signature below and will continue in effect for a period of twenty (20) years following the date this Declaration is recorded in the Real Property Records of Franklin County, Texas, after which it will be automatically extended for successive periods of ten (10) years each, unless amended or extinguished as set forth in Section 10.02.

10.02. Amendment; Extinguishment. This Declaration may be amended or extinguished only in accordance with the provisions of this Section. All provisions of this Declaration may be amended or extinguished by the recording in the Property Records of Franklin County, Texas of an instrument executed and acknowledged by the President and Secretary of the Association, setting forth the amendment or extinguishment and certifying that the amendment or extinguishment has been approved by Owners entitled to cast at least sixty-seven percent (67%) of the total possible votes.

10.03. Notices. Any notice permitted or required to be given by this Declaration, unless otherwise specified in this document or the By-Laws of El Dorado Bay, will be in writing and may be delivered either by certified mail, return receipt requested, or by personal delivery with a written receipt received. If delivery is made by certified mail, it will be deemed to have been delivered the date on which it was received by the Person to whom the notice was addressed. The address at which a Person is given notice may be changed from time to time by notice in writing given by the Person to the Association.

10.04. Governing Law. The provisions of this Declaration will be liberally construed to effectuate the purposes of creating a uniform plan for the development and operation of the Property and of promoting and effectuating the fundamental

concepts of the Property set forth in this Declaration. This Declaration will be governed by and interpreted under the laws of the State of Texas.

10.05. Exemption of Declarant. Despite any provision in this Declaration to the contrary, neither Declarant nor any of Declarant's activities will in any way be subject to the control of or under the jurisdiction of the Architectural Control Committee. Without in any way limiting the generality of the preceding sentence, this Declaration will not prevent or limit the right of Declarant to excavate and grade, to construct and alter drainage patterns and facilities, to construct any and all other types of improvements.

10.06. Nonliability of Architectural Control Committee and Board Members. The Architectural Control Committee, the Board, and their members will not be liable to the Association or to any Owner or to any other Person for any loss, damage, or injury arising from their being in any way connected with the performance of the Architectural Control Committee's or the Board's duties under this Declaration unless due to the willful misconduct or bad faith of the Architectural Control Committee, the Board, or their members, as the case may be.

10.07. Assignment of Declarant. Despite any provision in this Declaration to the contrary, Declarant may assign, in whole or in part, any of its privileges, exemptions, rights, and duties under this Declaration to any other Person and may permit the participation, in whole or in part, by any other Person in any of these privileges, exemptions, rights, and duties.

10.08. Enforcement and Nonwaiver. Except as otherwise provided in this Declaration, any Owner (at its own expense), the Declarant, and/or the Board will have the right to enforce any and all provisions of the Restrictions. This right of enforcement will include both damages for, and injunctive relief against, the breach of any provision. The failure to enforce any provision at any time will not constitute a waiver of the right to enforce the provision or any other provision in the future. Also, the violation of any of the Restrictions by an Owner or the Owner's family, guests, tenants, lessees, or licensees will authorize the Board, acting on behalf of the Association, to avail itself of any one or more of the following remedies in addition to any other available remedies:

(a) The imposition of a special charge not to exceed one hundred dollars (\$100) per violation.

(b) The suspension of the Owner's rights to use any Common Area and Facilities or other Association property so long as a violation exists.

(c) The right to cure or abate the violation and to charge any related expenses to the Owner.

(d) The right to seek injunctive and any other relief provided or allowed by law against the violation and to recover from the Owner all of the Association's

related expenses and costs, including but not limited to attorney fees and court costs. Before the Board may invoke the remedies provided above, it must give notice of the alleged violation to the Owner in the manner specified in Section 10.03, and must give the Owner an opportunity to request a hearing. If, after the hearing, or if no hearing is requested, after the deadline for requesting a hearing has passed, the Board determines that a violation exists, the Board's right to proceed with the listed remedies will become absolute. Each day a violation continues will be deemed a separate violation. All unpaid special charges imposed under this Section for violation of the Restrictions will be the personal obligation of the Owner of the Lot for which the special charge was imposed and will become a lien against the Lot and all Improvements on it. The liens will be prior to any declaration of homestead and the Association may enforce payment of the special charges in the same manner as provided in Article 8. Despite any provision in this Section to the contrary, the Board will not be required to afford an Owner a hearing before the filing of a lawsuit to collect past-due Assessments.

10.09. Construction. The provisions of the Restrictions will be deemed independent and severable, and the invalidity or partial invalidity of any provision or portion of a provision will not affect the validity or enforceability of any other provision or portion of a provision. Unless the context requires a contrary construction, the singular includes the plural and the plural the singular, and the masculine, feminine, or neuter each includes the masculine, feminine, and neuter. All headings and titles used in this Declaration are intended solely for convenience of reference and will not enlarge, limit, or otherwise affect that which is set forth in any of the paragraphs, sections, or articles in this Declaration.

10.10. Rules of Franklin County Water District. All rules of Franklin County Water District (or its successor) shall prevail. As owners of the land and original Lessors, their rules and regulations shall be enforced as if they were a part of these deed restrictions and each lessee or sub-lessee of individual lots in the El Dorado Complex shall make himself aware of said rules and regulations and remain current in said changes.

10.11 Previous Rights. Notwithstanding any of the provisions in this Document or the By-Laws of El Dorado Bay to the contrary, any rights possessed by the Developer or Declarant immediately prior to the effective date of either document concerning unsold lots shall not be diminished.
